Product Description

Mega Power & Mega Speed AUTOMATIC MEGA MONSTER Mega Power & Mega Speed Electric with Aluminum JOG / New Fukasetch Clutch System with Auto Shelf Stop Function on Seaborg 500MJ Base. This flagship model is compatible with a wide range of targets from Hiramasa Bri blues and slurmé and medium deep root fishes to brown fukasehiramasa. The heart part is equipped with a MAGMAX motor that combines torque and explosive power. The motor housing is made of aluminum material, and the tough setting is heat dissipating and durable. The MEGATWIN-PRO allows you to switch between power and speed gears comfortably without the shock of the transmission. In addition, the tough drag ATD continues to work smoothly, so you can rest assured that even if you are unexpected big objects. In terms of maneuverability, it uses a one-hand comfortable operation aluminum JOG power lever that does not pass the leadership in an instantaneous wind. In addition, the fall brake dial allows you to set the speed of the drop instantly, and comes with a drop bait, making it an excellent way to capture the interlayer response of the Slu-Maker. Waterproof and durable technology MAGSEA LED ball bearing for durability maintains initial performance. In addition, the counter part features a large dot LCD that allows you to see clearly even when using polarized glasses. The new Fukasetch System and Auto Shelf Stop Feature are added. AUTOMATIC MEGA MONSTER for all of your target anniversaries.
